Career Objective

Software engineer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with the VP of sales at Squarespace to create a digital marketing campaign that tripled average signups in a single month. Eager to obtain a challenging position at a prestigious company like Dream Version that will expand my learning and build upon my developer skills.

Experience

Freelance Web Designer

01/2023- present

- Took an online course to learn more about web design and management, and successfully finished the course with the highest score
- Designed a website for a local TV by applying the skill received from the course and years of experience as a graphic designer, which resulted in the improvement of the website performance and web traffic by 46%
- Won the second place in the website design competition held by Studio Shodwe and received award money
